DESIGNER

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.

CERTIFICATION

Standard Features

(*Selected Models Only)

1" TFL Base	4 x Shelf Insert*
1" TFL Panel Ends	Combo Insert*
1" TFL Door*	Mini Fridge*
1" TFL Mid Door*	Drawer Fridge*
1" TFL Tall Door*	Steel Frame
1" TFL Adjustable Internal Shelf*	Plastic glides
1" TFL Short Drawer*	
1" TFL Long Drawer*	

FINISHES

Options

- TFL Base, Panel Ends, Doors and Drawers are available in a selection of finishes
- Steel Base is available in a selection of powder coat finishes.

Summary of Grain Depth and Structure for Band 3 MFCs

Band 3 MFCs are part of Egger's Feelwood range, characterised by a deeper and more pronounced grain structure compared to standard MFCs. To manage this depth and prevent damage to the decorative paper, Feelwood decors incorporate additional barrier layers. This construction enhances impact resistance, bending strength, and durability.

What makes the Feelwood Band 3 MFC different?

The deeper texture in Feelwood decors is synchronised with the visual pattern, creating a highly realistic wood effect. This design also results in a slight thickness increase of approximately 0.6".

These features distinguish Feelwood products from standard MFCs, offering superior durability and enhanced aesthetic appeal as a unique selling point.

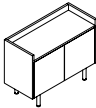

Due to the more pronounced grain structure, Band 3 MFCs may not be ideal where a smoother finish is required.

Samples can be ordered through our GroupPortal or by contacting customer service.
