

Axis brings people together digitally or physically through its extensive design that is centred around power. Axis enables users to be more connected through conferencing, training, meeting or collaborating in person or over teams with its multiple top sizes and vast tables size — all with power and data as its core design principle.

**DESIGNER**

---

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.
