

SENATOR

PODS

Pods nestle and tessellate to maximise available space, allowing the creation of a community of environments and destinations.

This new family of Pods has been developed to respond to what people tell us they want, to facilitate how people want and need to work;

to focus as individuals or in group spaces. The enhanced work surface size allows fixed pc's to be used and complies with legislation for use as a primary workspace.

Standard Features

Internal Steel frame with multi-layered acoustic foam construction
Outer vertical panels upholstered in Camira Blazer fabric (two-tone is standard)
Quick release panel connector system
Levelling adjusters

Optional Features (*Selected models only)

1, 2, 3 or 4 person configuration
Height Adjustable Work Surface*
Storage
Fixed Worksurface with Cable Tray and Riser*
Multiple fabrics on integrated seat units

Accessories

Monitor Arms
PU Desk Accessories
Desk Top Accessories
CPU Holders
Electrical Accessories
Coat Hanger
Name Plate
A2 Magnetic Dry Wipe Board with hanger
A3 Magnetic Dry Wipe Board with hanger

DESIGN

Senator

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village just outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.

ENVIRONMENTAL

All Environmental Data can be found on product LCA reports.
LCA reports can be downloaded from the Group Portal and Website.

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

Reduce
Reuse
Recycle
